

## CONSTRUCTION UPDATE

10/09/17 | We're pleased to bring you the latest progress updates happening on-site at Hanley's Farm.

After a bumper civil construction period through the winter months, we are pleased to announce that construction of the first homes at Hanley's Farm are now underway. The first residents are expected to be in their dream homes by Christmas.

Further civil works are currently taking place across Stages 2, 3 and 4. These sections will be settling over from October this year to March 2019. If you would like to learn more about your settlement date please click on the link below.

Earthworks have also officially commenced across the recently released Stage 5, following the sell out success of Stages 5A, B and C.

We're also delighted to share an incredibly significant milestone; our hero parkland has recently reached completion, marking the first of many wonderful amenities to be created in the Hanley's Farm community! Keep an eye out for another exciting addition to our park which will be installed before the end of the year.

Surrounded by picturesque mountain landscapes and sitting afoot Hanley's Farm's beautiful natural lake, the park is ready to host abundant amounts of family fun.

In other exciting news, construction of our show home village is progressing nicely and we expect the village to be ready in the next nine months.

For more information and to keep up to date with the creation of your community visit: [www.hanleysfarm.co.nz](http://www.hanleysfarm.co.nz)

We look forward to continuing this journey together.
