

## CONSTRUCTION UPDATE

21/06/17 | We're pleased to bring you the latest progress updates happening on-site at Hanley's Farm.

We are delighted to share with you the latest Hanley's Farm site update.

We are pleased to announce that bulk earth works and underground servicing across the first release is now complete.

Works will now turn to building the kerbs and road channels, with this expected to reach completion in September, after which, asphalt works are scheduled to commence.

Settlement for this first release is on track for the first quarter of 2018.

Construction on releases two, three and four are due to commence before the year is out, with settlement to follow in late 2018.

Meanwhile the tender for the park and waterways will be finalised as of this month.

Set to be completed early 2018, little kids and the young at heart will be well catered for with over 4 hectares of open space to be provided in stage one.

As for the show homes, the display village is underway with GJ Gardner, David Reid, Mike Greer, Signature, Jenian, RNP Homes and Golden among the builders that will be moving in come 2018.

For more information on how your community is taking shape, visit [www.hanleysfarm.co.nz](http://www.hanleysfarm.co.nz) where we will be sharing further updates and more photographs like the one below.

We look forward to sharing this journey with you.
